

## ERP Change Management Associate

[Transformation Systems Inc \(TSI\)](#) , Inc. (TSI) is an executive strategies and management systems engineering firm honored this year in the Inc5000 list of Fastest Growing Companies in America. We offer a fast-paced entrepreneurial setting with flexible hours which is perfect for the self-starting professional who can work independently and take the initiative. Our people manage direct relationships with top client management to achieve bold goals. Founded in 1994 by leadership author and executive consultant, Dr. Marta C. Wilson, TSI is a woman-owned, small business headquartered in Arlington, VA. Our culture is grounded in the vision and energy of dynamic industry leaders who are committed to achieving personal and professional excellence. Combining top notch education with real-world successes, TSI experts are drawn from the fields of engineering, psychology, business and evaluation and serve clients in multidisciplinary teams selected to do whatever it takes to provide effective solutions with sustainable impact. If you are ready to reach for opportunities and the challenge of your dreams, then let's talk about a future with TSI.

- Collaborate on the design of processes enabling improved communications and decision-making throughout all levels of the organization using an improved technology platform as an accelerator.
- Provide general ERP support and high quality project deliverables.
- Conduct one-on-one interviews, small group process facilitation, and training workshop delivery. Serve as a facilitator for large group sessions.

Masters degree (or equivalent) in relevant field is required. We are looking for candidates with a minimum of five years work exp in a DoD environment, 3 years exp with large scale org change initiatives, and current Secret security clearance or ability to quickly gain interim clearance. Preferred experience with ERP implementation support. A full benefits package, including health care, short and long-term insurance and 401K is provided.
